Brand Introduction

BG Berlin™ A Taste in Contemporary Urban

What's Your Story?

Are you an explorer, travelling the world seeking your next adventure? Are you fascinated by urban culture, cultivating new experiences with every venture? Are you a sophisticated free spirit, lost in a world where the opportunities are infinite? Do you have an eye for design and innovation; are you passionate about conservation?

Here at BG Berlin™, we do things a little differently. We're not like the rest. We're adventurers, fascinated by culture, design and fashion. We seek new experiences, finding joy and laughter at every turn. We have an eye for detail; the small things matter. We love the environment. We're an innovative group, where fashion, culture and travel collide to create functional products, which are designed to meet the demands of travel and urban life.

We innovate. We Create. We Share.

Our Values

Our range of travel products and accessories has been developed with our core values in mind.

Our products don't blend in with the crowd, fade into the background or shy away from new experiences. They care about the environment, contributing towards the development of a sustainable society, which can be enjoyed for generations. They love fashion; they're functional, but fun.

Products to Complement Your Lifestyle

We're changing the face of the travel industry, integrating culture and fashion to create chic and functional travel accessories to meet the demands of an adventurous lifestyle.

We have four key products, which are all manufactured with sustainability in mind. When you choose our products, you don't need to worry about the environment – we do that for you.

Protection and care of your BG Berlin™ suitcase

BG Berlin™ suitcases are high-quality products that are manufactured with utmost care. In order to preserve the fine condition of your BG suitcase for a long time, please note the following recommendations:

Always use wet or at least damp tools for cleaning. To remove dust and dirt particles, a cloth or soft sponge dampened with clean, clear water is sufficient.

We recommend using fine chamois leather, soft cloths or sponges to avoid damage to the surface of the suitcase.

Adhesive labels can usually be removed by applying a short blast of hot air at a maximum temperature of 80 degrees Celsius (conventional hair dryer) or with mild soapsuds.

Adhesive residues can be removed with simple alcohols (isopropanol). Rinse the alcohol off after use by means of clean water.

Hairline and light scratches can be removed with "Acryl Polish & Repair paste. Apply the paste to the slightly scratched area and polish "as appropriate". Rinse with warm water. Deep scratches cannot be removed (polished up). Repeated or improper polishing procedures may cause visible damage to the surface of the suitcase.

UNSUITABLE for cleaning are all types of aggressive tools and agents such as:

Scouring detergents, abrasive cloths or sponges.

Window cleaning agents, vinegar-based cleaners and disinfectants. Solvents, dilutions and aggressive alcohols.

Petroleum distillates (white spirit/petrol), nail polishing remover.

Use of the above will damage the surface and will sooner or later cause chemical alteration and/or damage.

YKK zipper

Never force the zipper. If something gets caught in the zipper's track it down and then slowly move the zipper up. Be sure to remove the obstacle before attempting to close it again. Forcing a zipper can cause the slider pull to break off.

In order to improve the zipper usability use paraffin wax to lubricate the zipper. This will help the zipper close smoothly which will relieve pressure from the slider pull, the slider and the zipper teeth.

Limited 5 YEAR GUARANTEE CERTIFICATE

BG Berlin™ manufacturing processes are continuously reviewed and tested to ensure they deliver products with finesse, strength and durability.

As a result we stand behind our products and guarantee the quality of our equipment free from any manufacturing flaws for the duration of the guarantee period. In the event of a functional defect, BG Berlin™ Guarantee Policy will take effect immediately.

BG Berlin™ limited 5-year Guarantee Policy will be effective in accordance with the conditions below, starting with the date of purchase (guarantee period).

This guarantee will be effective only if (under BG Berlin™ discretion) the use of the product is considered affected by a manufacture flaw already present at the time of the purchase.

This guarantee will not apply if there is any improper use or damage caused by carriers such as airlines, trains etc., malfunction due to normal wear and tear, misuse, abuse, unauthorized repair, improper handling, deformation, scratches and body breakages.

We strongly suggest from the moment of your suitcase retrieval if there is any damage immediately report it and claim to the carrier.

We strongly suggest taking immediate action and claiming your guarantee, we suggest that you inform a BG Berlin™ dealer of any possible flaw within the guarantee period along with the certificate of guarantee or original proof of purchase.

You can find BG Berlin™ authorized dealers on our website:
www.bgberlin.com

In accordance to BG Berlin™ policy, a repair team will decide if the flaw is covered by the guarantee. BG Berlin™ will repair or replace at its own cost and pay the return consignment costs.

The cost of returning the suitcase must be cover by the buyer. The suitcase may also be replaced with the same or an equivalent model. Incidental and consequential damage are not included under this guarantee.

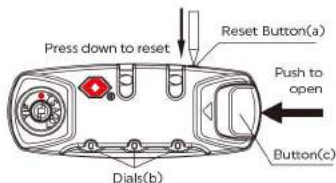

The guarantee is limited to the value of the product. BG Berlin™ could agree to guarantee a suitcase claim from a guarantee lapse of six months after they have been asserted, but not before the expiration of the guarantee period.

This guarantee grants you exclusively the rights described above.

Lock operating instructions

LOCK YOUR LUGGAGE BEFORE CHECK-IN

Utilizing a special code available to TSA authorized security screeners, TSA can identify, inspect, and re-lock cases for your peace of mind. Each Travel Sentry Approved lock has a special identification mark and code alerting the TSA that they can open this lock without destroying it. Every TSA screening location is able to use these codes to open the lock and then re-lock it after inspection.

Setting your TSA lock combination

INSTRUCTIONS - TSA21137

The original number is 0-0-0. To set your personal combination, follow these steps:

1. Put the dials at its original number 0-0-0;
2. Press down the reset button(a) with a tool until hear the "click" sound.
3. Set your combination by tuning the dial(b), for example 8-8-8.
4. Then, push the button(c) towards to the direction of arrow and the reset button(a) will be back when you hear the "click" sound. Now you have finished to set your personal combination. Please remember your personal combination by heart. Please repeat the above steps to reset the numbers.

WARNING

If the cylinder is opened, please pay attention to lock it again by turning it to the red dot position by the direction of the arrow(any tool which can be inserted in the cylinder is OK).

BG
BERLIN

A TASTE IN CONTEMPORARY URBAN

BG Berlin™ Tip

To protect passengers against the new danger from liquid explosives, the EU has issued new security regulations. These new provisions took effect on the 6th November 2006 and will continue to apply until further notice at all airports in The EU and Norway, Iceland and Switzerland.

- All containers up to a maximum capacity of 100ml must be packed in a transparent 1 L bag (that can be sealed up again).
- 1 bag for each passenger.
- The bag must be completely closed.

Please make sure you comply with the new safety regulations for hand luggage and consider them when planning your journey.
